

Step 1&2

CHRIST COMMUNITY CHURCH

COVID-19

3-STEP

OPENING PATHWAY

Steps will be released incrementally. Please be patient!

HERE

Re-Opening Step
begins June 7

PRE-OPENING STEP

We are ready to open to the extent that we are able to open, knowing this is just the first step.

5/19/2020

- The church building open for groups of **up to 10** but not for full re-opening.
- We realize that some of you may want to use the church building for Life Groups, meetings, entertainment, prayer meetings, etc.
- So that we can make sure we abide by the capacity limit recommendation, please e-mail the church office to schedule your event.
- Please realize that during this pre-opening step, we are asking you to help keep the building sanitized and ready for other groups to use. Please find sanitizing supplies in the foyer. Wipe down surfaces and door handles, including if you use the restrooms. Thank you!
- Please limit the rooms you use to avoid having to clean extra rooms.
- We are cleaning rooms and preparing the church building for our return to church.
- We are working in the worship center to create a family-centered, social distancing setup to protect you.
- We are placing signs and reminders to social distance and which rooms are available to use.
- We are working on making sure that we have hand sanitizer and other PPE items are available.
- We will connect with the congregation to help determine direction of services, programs, and ministries available for our re-opening and free-opening steps.
- Thank you for continuing to support our weekly online services. We are excited to continue to offer online services until we can meet again and we are planning other creative opportunities to worship together during this pre-opening step.
- Please continue to give through our online/digital options or bring/mail checks to the church.
- We can not wait until we can begin our re-opening step and see as many of you as possible!
- Please continue to pray that we move through this Opening Pathway according to God's plan and not our own!

until free-opening step

RE-OPENING STEP

Praise the Lord that we are able to open our first step, and able to meet together in person.

COMING 6/7/2020

- We are excited to get back to meeting in person! The church building will be open for groups of **up to 25% capacity**, which means we will set up space for a total of **100 people**. We expect this number to increase incrementally. This necessitates creative planning to accommodate smaller worship services. Please use the reservation system weekly so that we have enough space for your family. The Café will be available for overflow.
- Rooms will be cleaned and sanitized after/between services.
- Chairs in the worship center have been re-arranged for a family-centered, social distancing setup to protect you.
- If you feel sick, a member of your family is feeling sick, or anyone in your family has been in contact with anyone who has been tested positive for COVID-19, or have a fever of 100.4°F or higher, we ask you strongly to love your neighbor and stay at home.
- You will find signs to remind people to social distance and which rooms are available to use. Rooms may be closed to prevent extra cleaning measures.
- We are working on making sure that we have plenty of hand sanitizer and other PPE items available.
- For the first few weeks of this re-opening step, children will be invited into big church. The fireside room will be available for parents to bring children if they need to excuse themselves. Nursery and KidsMin programs will be made available later as we progress through the Opening Pathway.
- We expect different responses to COVID-19, including the use of PPE items, such as masks and gloves. We will be respectful of one another's feelings and love our neighbor through these differences of opinions.
- We plan on holding off on our "Meet and Greet" interaction until later in our Opening Pathway.
- Please feel free to bring coffee as our beverage table and snacks will be unavailable until later in the Opening Pathway.
- We will resume Communion, baptisms, and other special service items once we enter into the Free-opening step.
- Please continue to give through our online/digital options or find boxes for you to continue to give physically.
- Thank you for continuing to support our weekly online services. We will continue to offer an online option for those who are unable to join us in person.
- We can't wait until we can all meet together under our Free-Opening Step!
- Please continue to pray that we move through this Opening Pathway according to God's plan and not our own!
